

Door Stop Seal 6 30, grey similar to RAL 7042

Door Stop Seal 6 30 creates an all-round, shock-absorbing door rabbet for swing doors that are made of Line 6 profiles and fitted in profile frames made using Line 6. The elastic lip seal seals the door gap along its entire length.

The Door Stop Seal clips into the Line 6 groove of the frame profile and stays in position, with no screws required.
