

# Panel Fixing Block 8 4mm Zn

REACH RoHS

Panel Fixing Block 8 4mm Zn secures 4 mm thick polycarbonate or PET-G panels in a Line 8 groove without any machining. The panel fixing element helps ensure enclosures and guards with a transparent, impact-proof infill can be built efficiently.

## Scope of Delivery

- 1 Panel Fixing Block 8 4mm, Zn, bright zinc-plated
- 2 Button-Head Screws, self-tapping 3.9x25, St, bright zinc-plated
